

Valley DJ

PREMIUM QUALITY CORPORATE ENTERTAINMENT

Valley DJ + Photo Booth : 02 4072 4515 : info@valleydj.com.au

The Risk is High

The mobile DJ entertainment industry isn't regulated in any way. It's largely filled with part-time operators who are not in the entertainment industry through a conviction to their craft, trade, or clients they serve. The real truth is, they're only interested in making a quick buck from clients that don't understand the industry and choices or what questions to ask.

Many of our competitors use outdated equipment, supply young inexperienced DJs that don't understand corporate events aren't nightclubs, and who are often highly unreliable. If you make the wrong choice, your guests won't be happy and neither will you. Worst of all, if the entertainment is poor quality, it could be highly embarrassing for you.

Your Solution

At Valley DJ, we offer a premium quality, reliable, mobile DJ entertainment and photo booth hire services specifically designed for people who want to impress their guests. We employ the best people and use the latest technology, sound & lighting systems to create a lively party atmosphere that all your guests will always remember.

The right choice of songs at just the right volume, played through incredible sounding speakers with colourful led lighting systems, makes for a highly memorable experience. We have over 20 years' experience of attending corporate events all over the NSW. We're entertainment specialists and you can completely trust us to provide quality entertainment for you.

Our DJs

Bright, friendly, mature and reliable. Our team know the right song to play at the right time to keep everyone dancing.

"Hi! I'm Joe. I'm one of the team here at Valley DJ. If the quality of your entertainment is important to you, place your trust in us. We'll listen to you carefully, never take you for granted."

What You'll Hear

We don't compromise on the sound quality for your event. It's widely recognised that JBL is the world leader in quality sound technology. These speakers not only produce the perfect blend of sound and bass, but they also look sleek and professional.

Our equipment is updated annually, so it never breaks down or looks old and tacky. Many of our competitors use cheaper, inferior sounding brands.

What You'll See

Colour wash, zero heat LED lighting systems that create an elegant, fun, celebration atmosphere.

All cables and wires are skilfully hidden.

Speaker stands and DJ booth is lit with your choice of coloured theme lights available in the Standard and Premium packages. ^

^ Not available in the Basic package.

BOOK NOW

Theme Lighting

When you choose our Standard or Premium package, theme lighting for the DJ table and both speaker stands is a standard inclusion. You can choose from 30 different colours to match your venue theming colours. It adds ambience and style to your overall event area theming.

Standard package sample image

DJ & speaker stand themed lighting not available in Basic package.

Premium Quality Mobile DJ Entertainment

Unlimited Music Choices

We have over 30,000 songs to choose from, all stored and played through a mac laptop and music controller. Music is always clear and crisp and never jumps or skips as it can when discs are used.

If you have other special music requirements, we can play any song you provide us.

We can also accommodate vocalists and even provide a free wireless microphone for your speeches and announcements.

Need a Professional MC?

Don't risk a guest being your MC. They may say something inappropriate, consume too much alcohol, tell bad jokes or go on too long. Trust us, over the years we have seen it all. The risks are endless.

With our professional MC service, you can relax knowing that all formalities are taken care of.

Please advise us if you would like us to act as your MC.

**This is an optional extra.*

Live Requests

If we don't have a song you want, we download it. Live requests means you never miss your favourite song.

This requires a venue WiFi internet connection.
Available only in the Premium package.

Outdoor Portable PA

As an optional extra to all packages, we offer a battery-powered P.A. system which is perfect for speeches outside or away from the main DJ set-up and dance floor where no power is available.

A handheld microphone and mic stand are also provided.

Suitable for up to 120 guests in an outdoor setting with iPad, iPod, MP3 & smart phone connectivity that allows you to play the music of your choice.

OPTIONAL EXTRAS

\$150

Lighting Upgrade

This option provides additional advanced LED & special effects for an incredible lighting experience. More colour, more effect and way more atmosphere for your event.

- 2 x additional laser kits.
- 2 x additional special effects lights
- 4 x additional Controllable DMX PAR lights
- 1 x additional multicoloured strobe light
- 2 x Ultra Violet wash lights.

Highly recommended for quality events with more than 100 guests or when you simply want to impress everyone with a great party experience.

\$150

Haze Machine

Our haze machines produce a light haze in the air that enhance the effects of the lighting so the entire beam of light can be seen from the lighting head to the point where the light lands.

Check with your venue if haze machines are permitted. In some circumstances, haze machines can set off smoke alarms and for this reason, they are often not permitted in larger venues. Please note, that this is not a dry ice machine where the haze is heavy and stays on the ground. Refunds are not provided in the event you order the haze machine but the venue prevents its use at the time of your event.

\$350

Professional MC

Our mature and experienced MCs will run your event to your schedule with style and professionalism, conducting all of your announcements & presentations if required.

Time included is 3 hours plus up to one-hour pre-event online or telephone meeting time.

**\$150/
\$250**

Overtime / Extension

If you want to party on longer than your chosen package allowance, you can extend your hire time. We offer two levels of pricing for extending:

- \$150 per hour prior to midnight
- \$250 per hour after midnight

\$100

Travel Charge

We offer you a generous travel allowance of 50 kms from our Thornton Head Office. Additional travel charges apply over 50km. All distances are calculated using Google via the shortest possible distance without deviation. Travel charges are charged at one dollar per kilometre

\$150

Early Set Up / hour

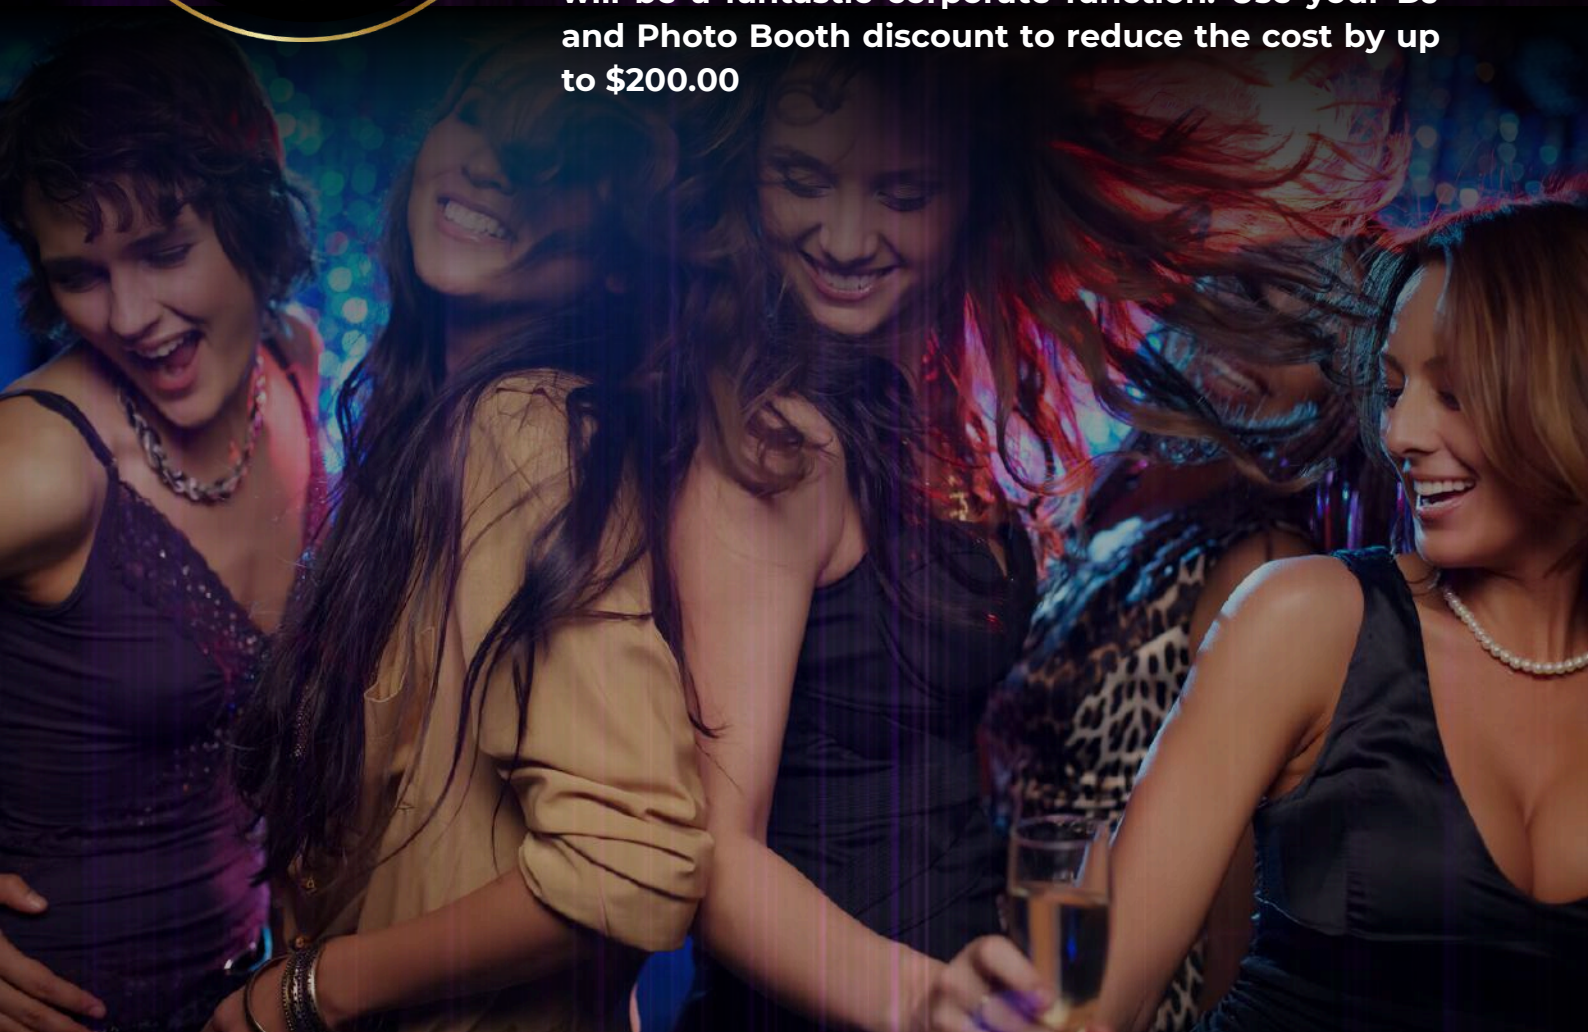

If you require us to set up our equipment earlier than one hour before the start of your hire time. For example, if you have presentation proceedings or meetings being conducted in the room and you require an early set up time. Call us for more details.

\$1190

Photo Booth

Super high-quality prints are provided on the night and all images are also provided for download. This option provides a fun and lasting memory of what will be a fantastic corporate function. Use your DJ and Photo Booth discount to reduce the cost by up to \$200.00
